

Frequently Asked Questions (FAQ)

Q: What is genetic testing?

Genetic testing is a medical test that interprets an individual's DNA to find any changes or differences that might affect their health.

Q: Why should I undergo genetic testing?

Genetic tests can provide valuable information about an individual's risk for certain diseases, their response to medications, and other genetic factors that may impact their health.

Q: Is genetic testing available for children?

No. Currently, our genetic tests are available for individuals aged 18 and above only.

Q: Should I fast before going for a genetic test?

No, fasting is typically not required before undergoing a genetic test. You can eat and drink normally before your appointment.

Q: Are my genetic test results kept confidential?

Yes, we prioritise confidentiality to ensure that your genetic information remains private and protected. We do not share your data with any third parties without your written consent.

Q: Will the results affect my current or future insurance coverage?

We encourage you to consult your insurance provider if you have any concerns about how genetic testing results may impact your coverage.

Q: Can I purchase this test online?

Yes, you can purchase our package online through our website. Simply visit <https://shop.sunwaymedicalvelocity.com.my/> and select the package that best suits your needs.

Q: How do I make an appointment for genetic testing?

You can visit our online booking system at smcv.sunmedgo.com to choose a convenient date and time for your appointment. Alternatively, you can contact our health screening centre directly at 03-9772 9229 or email to smcv_wellness@sunway.com.my for more enquiries. We are here to assist you every step of the way.
